OUR BEGINNINGS

Martin Luther King, Jr. Library closed in 2011.

Hilltop Library Planning Committee formed in 2013 by Bil Moss and Al Nurse.

In 2014, four community cafes held to gather community input regarding need for and replacement of Hilltop Library. Over 120 attended.

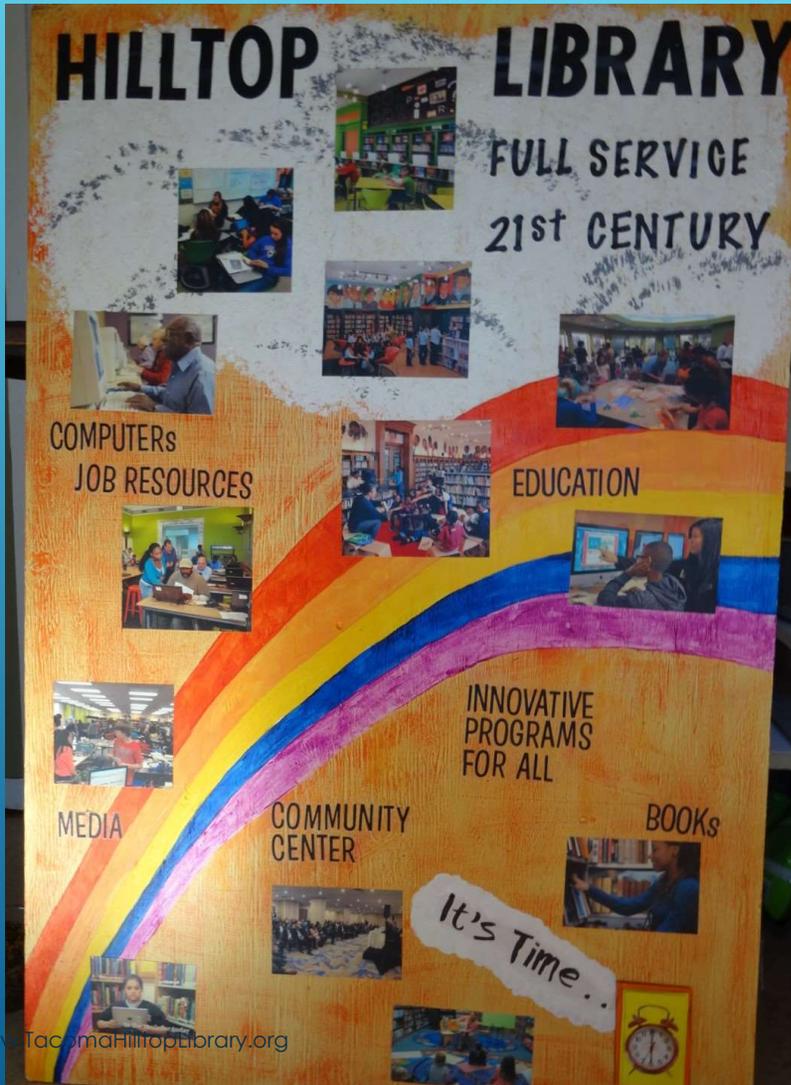

The community agreed that Hilltop needed an easily accessible physical library space with multi-media services, the arts, and multi-generational literary programming comparable to the rest of the libraries in Pierce County and Seattle.

EXAMPLES OF WHAT HLPC HAS DONE

AN INCOMPLETE ATTEMPT

- ▶ In January, 2017 the City of Tacoma awarded \$50,000 for a proposed Early Literacy Reading Program.
- ▶ Due to a number of changes in leadership in School District and Committee leadership, the collaboration deteriorated and did not get off the ground.
- ▶ Most of the money went back to the city in 2019.

WHY WE NEED
A LIBRARY ON THE HILLTOP

IT IS RIGHTING A WRONG.

They are a place

- for community involvement
- that provides technology

They provide

- valuable meeting areas and conference rooms

LIBRARIES
ARE
MORE
THAN
BOOKS

LIBRARIES ARE A SAFE, INCLUSIVE, PUBLIC ASSET

Children are our most precious resource; the community needs to nurture them with love and respect.

Those in distress need a hand up to become valuable members of the community.

Elders deserve a place to come learn and share their assets with others.

Library technology is a critical asset to all ages.

A library on Hilltop will help Tacoma to fulfil its nickname, City of Destiny.

PASSIONATE MEMBERS OF HLPC

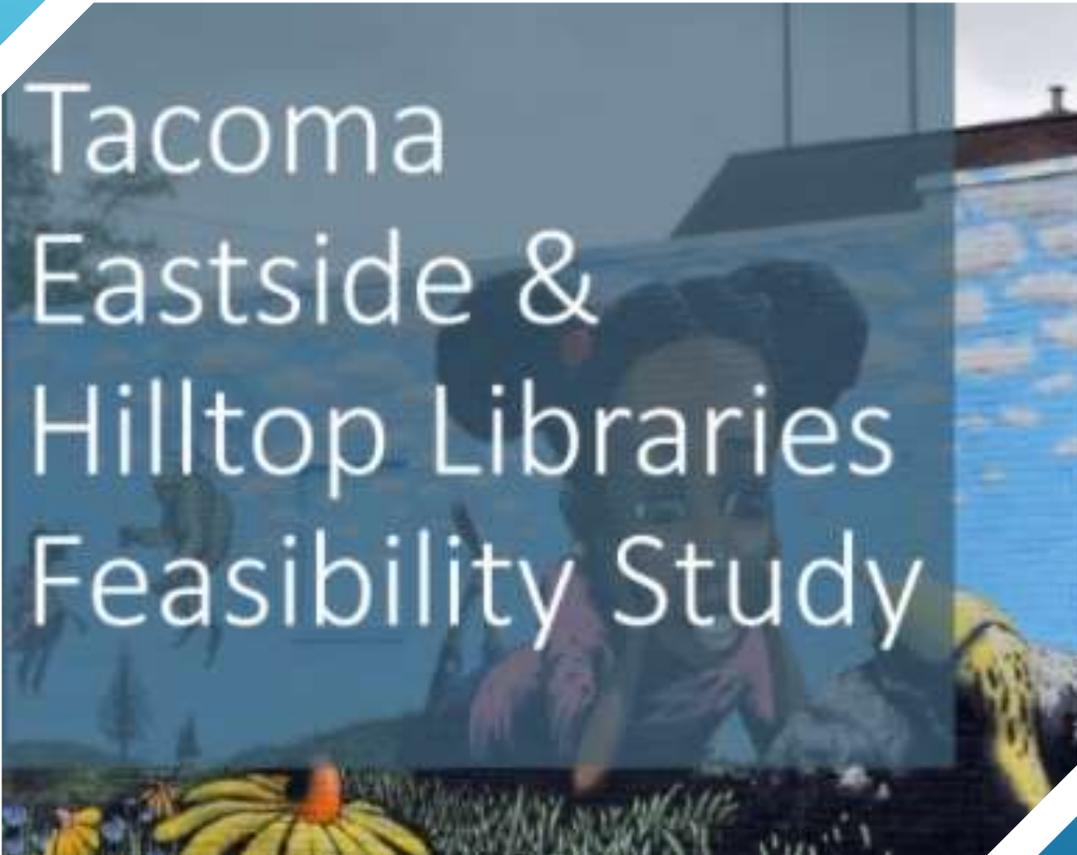

HURDLES

City funding structure – budget constraints
The city has many projects and needs competing for attention on the Hilltop and in Tacoma.

The Library and City governance model is intertwined and not widely understood.

Out of sight, out of mind. Easy problem to ignore when the problem isn't visible.

Few residents have experienced a state of the art public library. They don't know what they are missing.

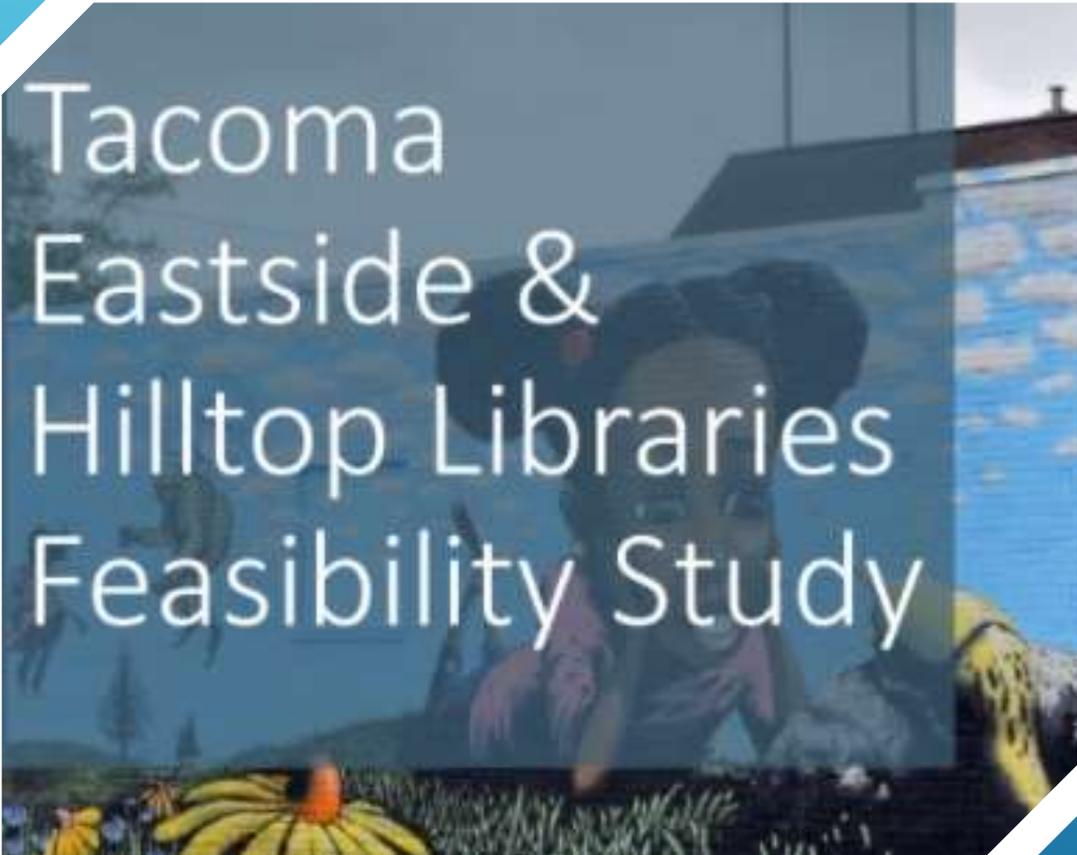

Tacoma Eastside & Hilltop Libraries Feasibility Study

HLPC went to council late in 2018 to demand a full service, brick and mortar library on the Hilltop.

The Council included funds in the 2021-2022 budget for the Feasibility Study.

Funds were pulled due to the pandemic and resulting economic crisis.

Tacoma Eastside & Hilltop Libraries Feasibility Study

Our immediate goal is to have the Feasibility Study funds restored and move forward with this critical study.

It will lay the groundwork and establish strong data and momentum to at last restore library services to underserved communities.

A copy of the study proposal is available at

CURRENTLY THINGS ARE RAPIDLY EVOLVING

THERE IS MOMENTUM WITH THE MAYOR AND CITY COUNCIL.

A joint meeting of the City Council and the Library Board of Trustees was held on April 6.

Mayor Woodards indicated that the city may be able to use federal America Rescue Plan funds to restore the feasibility study funds, then move forward to conduct and complete the study.

Councilmembers Hunter and Blocker spoke in favor of restoring funds and moving forward.

YOUR ENGAGEMENT IS URGENT NOW!

- ▶ Write, then call the city councilmembers and Mayor Woodard to voice your support for the reinstatement of the Feasibility Study. The matter will be addressed in June. Link to this site for ideas:

https://actionnetwork.org/letters/restore-library-services-to-tacoma-hilltop-and-eastside-communities-2?source=direct_link&

- ▶ Stress that we need to complete the study, a step to restore comprehensive library services to Hilltop.
- ▶ Spread the word to friends, family, and organizations.

HELP NOW AND IN THE FUTURE

- ▶ Frequently voice the need for Hilltop Library during community development and urban planning meetings.
- ▶ Inject Hilltop Library into conversations with elected officials, influencers, and community leaders.
- ▶ Contact us with opportunities to address community groups, churches. <https://www.tacomahilltoplibrary.org>
- ▶ Get to know the Trustees of the Tacoma Public Library. Send them an email requesting funds to move forward with the Feasibility Study. Attend a virtual Board meeting. <https://www.tacomalibrary.org/board-of-trustees>
- ▶ Attend our monthly Zoom meetings every third Thursday @ 6:00 P.M. Link available on our website.
